

Contingency for Alternative Instruction for Spring-Taught Global Experience Programs

In order to plan effectively for unforeseen situations that may warrant the cancellation of the travel component for a spring-taught program, and to minimize the affects on students' learning and degree progress, spring-taught Global Experience programs must submit a contingency plan for alternative instruction in lieu of the on-site travel component. Please complete the following proposal and submit to the Director of Global Education for review by the Study Abroad Advisory Committee.

Program Details
